Policy priorities: Expanding what is possible

Protect lives and livelihoods

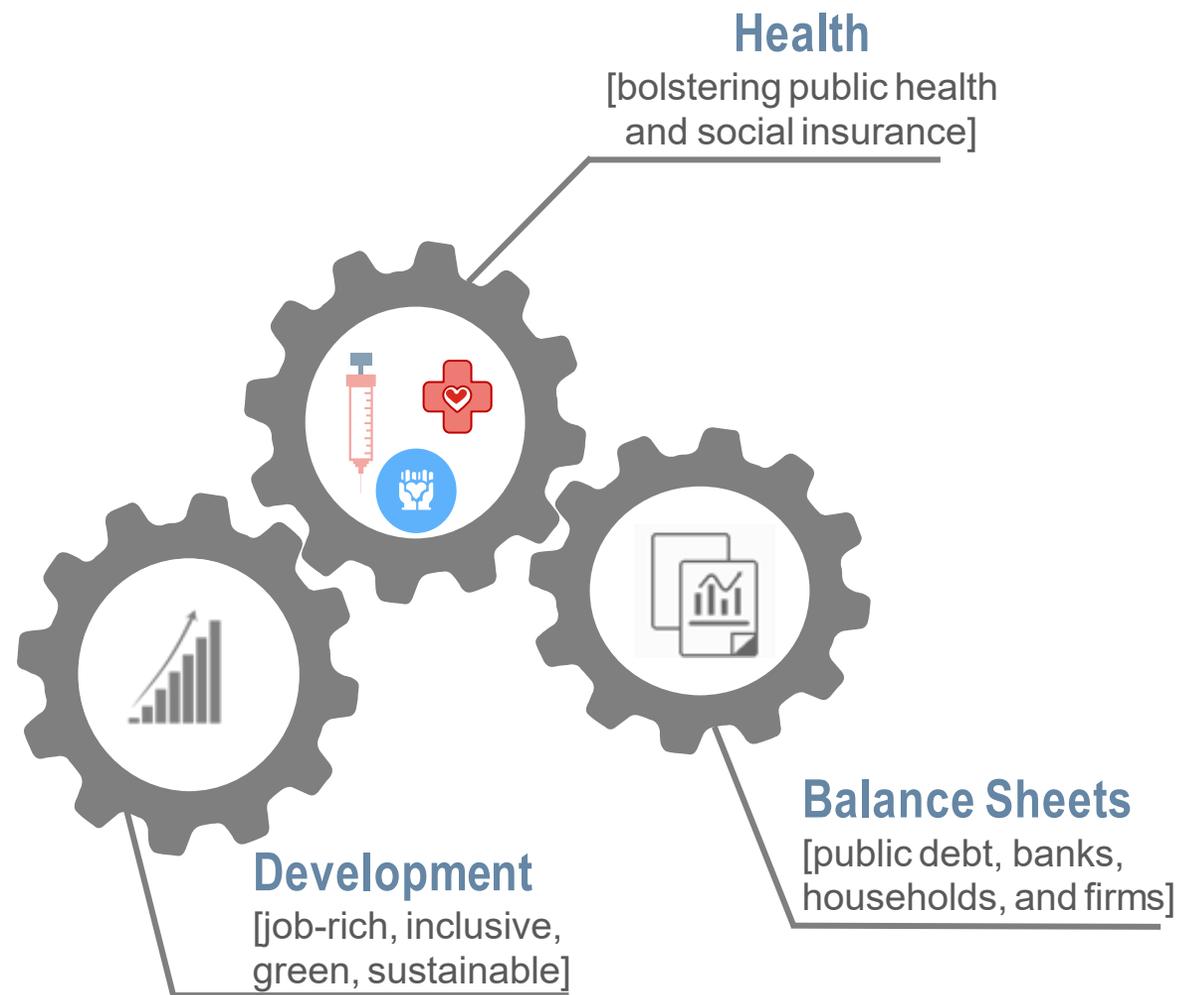

- Plan and secure funding for vaccine purchase and distribution and where needed, seek donor support.
- Prevent health systems from being overwhelmed.

Create policy space

- Prioritize spending and mobilize domestic revenue to create space in near term.
- Address debt vulnerabilities and where needed seek debt-restructuring/reprofiling.

Attract private capital and promote private sector development.

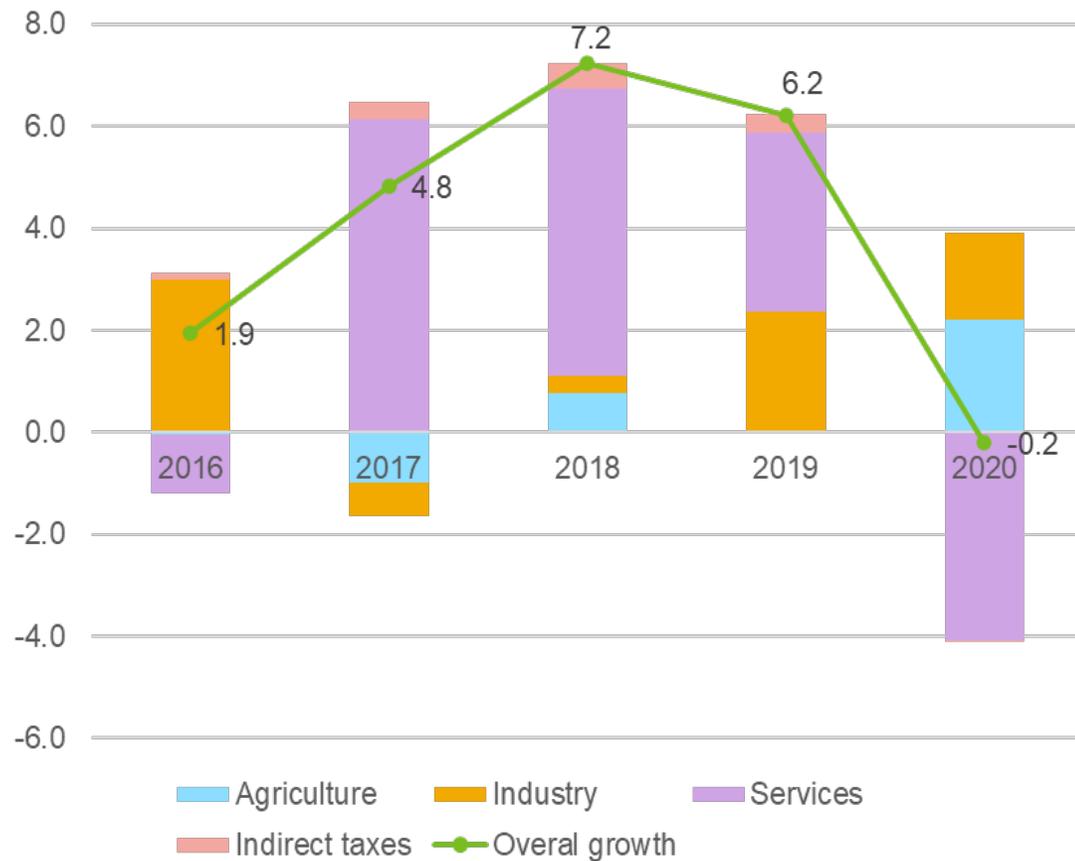

- Improve the business climate.

IMF support to the Gambia has been strong and timely

- On March 2020 at the onset of the pandemic, the IMF Executive Board approved a 39-month arrangement support by the Extended Credit Facility with SDR 35 million (US\$47.1 million) financing.
- On April 13, The IMF Board approved a six-month debt service cancellation under the Catastrophe and Containment Relief Trust (CCRT) to be renewed every six-months up to 2 years for a total debt relief of US\$10.8 million of which US\$8.3 million is already approved.
- On April 15, an emergency COVID-19 support under the Rapid Credit Facility of US\$21.3 million was approved to help address pressing health and support the relief programs of the government in favor of households, public entities and the tourism sector.
- On January 15, 2021, the IMF Executive Board completed the first review of the ECF approving (i) an augmentation of the total access under the ECF to SDR 55 million (88.4 percent of The Gambia quota); and (ii) a disbursement of US\$28.8 million to support the post pandemic recovery and meet the fiscal and balance of payment needs.
- On May 28, 2021, the second ECF review was concluded allowing the disbursement of US\$14.4 million. This brings total disbursements under the ECF arrangement to about US\$50.5 million.
