

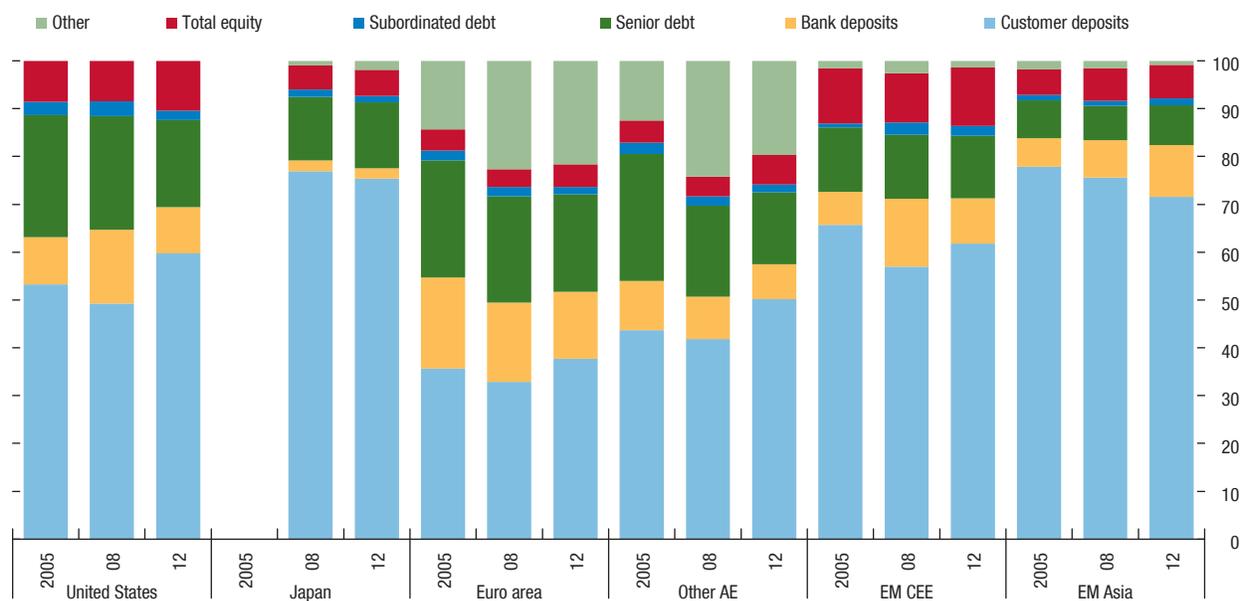

Figure 3.1. Banks' Liability Structures across Major Economies and Regions
(Percent)

Sources: Bank of Japan; SNL Financial; and IMF staff estimates.

Note: "Other" includes financial and accounting liabilities, such as derivatives liabilities, insurance liabilities, noncurrent liabilities, accounts payable and accrued expenses, deferred taxes and tax liabilities, and other provisions. Japan data for 2005 omitted due to data limitations. AE = advanced economies; CEE = central and eastern Europe; EM = emerging market economies. For region coverage, refer to Table 3.2.
