1. In March 2009, the Fund established a new Framework Administered Account to administer external financial resources for selected Fund Activities (the “SFA Instrument”).¹ The financing of activities under the terms of the SFA Instrument is implemented through the establishment and operation of subaccounts within the SFA. This paper requests Executive Board approval to establish the Japan Subaccount for Selected Fund Activities (the “Subaccount”) under the terms of the SFA Instrument.

2. The Fund, represented by the Managing Director, has reached understandings with Japan acting through the Ministry of Finance of Japan (“Japan”) for the administration of contributions to finance capacity building and related activities of the Fund. Based on these understandings, the Managing Director has established the essential terms and conditions of the administration of the Subaccount, with which Japan concurs, with respect to the nature, design, and implementation of the activities to be financed and the method by which the costs of the activities will be financed from the Subaccount. These terms and conditions include the following:

a. The resources of the Subaccount shall consist of amounts contributed to the Subaccount by Japan and earnings that accrue as a result of investment of these amounts (net of any costs associated with such investments).

¹ Establishment of a New Framework Administered Account for Selected Fund Activities (see <http://www.imf.org/external/np/pp/eng/2009/030409.pdf>).

b. Japan and the Fund shall reach understandings on the operational modalities related to the activities to be financed from the Subaccount, consistent with the understandings that have been reached between Japan and the Fund under the SFA Instrument.

c. Resources will be placed in the Subaccount by Japan on the basis of Letters of Understandings signed between Japan and the Fund relating to specific activities to be undertaken. The Subaccount will also permit Japan to transfer resources from the Japan Subaccount to any subaccount under the SFA.

d. To help defray the expenses incurred by the Fund in the management of the Subaccount that it will finance, reimbursement equal to 7 percent of the expenses financed by the Subaccount will be paid to the Fund from the Subaccount.

3. The essential terms and conditions of the Subaccount are consistent with the terms and conditions of the SFA Instrument, and the activities to be financed from the Subaccount are consistent with the purposes of the Fund. Accordingly, it is proposed that the Executive Board approve the establishment of the Subaccount.
