Initial Assessment: An assessment of observance of a standard done for the first time. An initial assessment results in a ROSC.

Update: An analysis of key developments regarding areas covered by a ROSC. It does not include a reassessment of the degree of observance of the standard.

-Accounting and Auditing ROSCs are counted together as one ROSC because they are assessed concurrently and presented together in a single document.

-Assessments of observance of AML/CFT principles conducted by the FATF and FATF-style regional bodies (FSRB) are included.

-Assessments of Offshore Financial Centers (OFCs) are included, as of September 2008.
