Figure 1.3.6. Distribution of EMDE Population by per Capita Real GDP Growth Rate (Population shares)

1. 1995–2016
   - Zero growth differential with respect to AEs, 1995–2016 (1.5 percent)
   - Countries: India, China, Other EMDEs

2. 2017–22
   - Zero growth differential with respect to AEs, 2017–22 (1.4 percent)
   - Countries: India, China, Other EMDEs

Source: IMF staff estimates.
Note: The figures depict the share of the total EMDE population in countries with growth rates in the intervals shown on the x-axis. AEs = advanced economies; EMDE = emerging market and developing economy.
