1 This list includes governance safeguards in Letters of Intent (LOIs) for COVID-19-related rapid instruments (RCFs and RFIs) approved by the IMF’s Executive Board as of January 29, 2021, excluding (i) the commitment to undertake a central bank safeguards assessment, which is required in all cases, and (ii) governance-related prior actions, which were included in several cases. The full list of approved rapid instruments can be found [here](#). For the reasons outlined in paragraph 19 of the [background paper](#) (e.g., early cases and/or cases with somewhat lower corruption risks), governance-related commitments have been added in all of these RFI/RCFs except in the following: Albania, Bosnia and Herzegovina, Cabo Verde, Cote D’Ivoire, Dominica, Ghana, Kosovo, North Macedonia, Panama, and St. Lucia.

awarded companies, as well as the validation of delivery. We will continue to make sure that spending is properly budgeted and that its execution is in line with the international rules of fiscal credibility and transparency. In this context, we are committed to (i) publishing online on a monthly basis the procurement documents and key contract information relating to the major projects implemented under the response plan, indicating the amounts and the names of the beneficial owners of the awarded companies, as well as the validation of delivery, (ii) ensuring that adequate expenditure controls are in place; (iii) ensuring that the execution of expenditure related to COVID-19 is officially accounted for through monthly budget execution reports that will be published online. In addition, we will entrust the Accounting Chamber (Cour des comptes) with the audit of the use and effectiveness of the funds committed. This audit will be published by the Accounting Chamber by end-June 2021 and made available on its internet website."

“...we commit to adhere to best practices in procuring and awarding contracts related to the pandemic (including by publishing regularly documentation on procurement contracts on the government’s website, together with ex-post validation of delivery along with the name of awarded companies and the name of their beneficial owners) as well as publishing an external independent audit report on virus-related expenditures once the crisis is over.”

Burkina Faso

“The government also commits to a transparent and accountable use of the funds disbursed under the RCF, including by enhancing transparency of health-related expenditures.”

Cameroon

*First request* “We will ensure that the financial assistance received is used for the intended purposes, in strict compliance with the provisions of the Law on the Code for Transparency and Good
Governance in Public Finance Management in Cameroon and the Law on the Financial Regime for the Government and Other Public Entities, all adopted in July 2018. For this purpose, the funds linked to COVID-19 will be subject to the strict application of the budgetary procedures and controls provided for by the above Laws. In addition, we commit to issue a semi-annual report on COVID-19 related spending and to commission an independent audit of this spending at the end of the 2020 fiscal year and publish the results. We also commit to publishing documents relating to the results of public procurement awarded by the government and the beneficial ownership of companies receiving procurement contracts on COVID-19 related expenditures. In the meantime, such COVID-19 related expenditures are being incorporated in a supplementary budget in preparation and expected to be presented to the Parliament in June 2020.”

Additional commitments in the second request, which apply also to spending financed by the first request:

“We reiterate our firm commitment to an effective and transparent use of public funds, and to ensuring that funds received, including from the RCF disbursement and the resources freed up by the DSSI, are efficiently spent on addressing the pandemic crisis. To this end, we are committed in the context of contracts related to COVID-19 to (i) issuing before the RCF-2 Board date a circular implementing Article 90 of the Public Procurement Code to modify the standard procurement forms, in particular with regard to documents providing information on the identification of the beneficial ownership of companies receiving procurement contracts; (ii) publishing after the RCF-2 Board date on the website of the Public Procurement Regulatory Agency and within 30 days of the award on any contract, the results of public procurement.
awarded by the government and the beneficial ownership of companies receiving procurement contracts; (iii) publishing before the RCF-2 Board date, the backlog of all COVID-19 related contracts awarded since May 4, 2020, including the beneficial ownership; (iv) issuing a semi-annual report on COVID-19 related spending; and (v) commissioning an independent audit of this spending at the end of the 2020 fiscal year and publishing the results.”

**Moldova**

“We are committed to implementing strong control, audit, reporting, and transparency requirements with regards to crisis-related government spending, including by publishing information on associated public procurement and beneficial owners of companies contracting with the government as well as continuing to enforce the AML framework and asset declaration regime. We will subject all crisis-mitigation spending to a dedicated audit by the Court of Accounts Chamber and commit to making the audit report public.”

**Mongolia**

“The government will continue to publish information on revenue and expenditure performance on a regular basis. Especially, the government will provide a separate reporting mechanism for those Covid-19 expenditures outlined in the table below. To this end, we will publish quarterly reports on these Covid-19 expenditures on the website of the Ministry of Finance (MOF) and commission an independent third-party audit of this spending within six months of disbursement and publish the results on the website of the MOF. The published results will include the full text of all related procurement contracts, including the names of the awarded companies and their beneficial owners, and an ex-post validation of delivery.”

**Montenegro**

“To promote transparency and good governance, the State Audit Institution of Montenegro will audit crisis-mitigating spending (which will include ex-post validation of delivery of goods and services) and publish the results online within 12 months of the end of the fiscal year, in accordance with our laws. We will also publish online all public procurement contracts related to crisis mitigation, the names of the awarded companies and their beneficial owners, and ex-post validation of delivery. We will ask the Court of Accounts to audit emergency spending once the crisis abates and to publish its results.”

contract amount; and, (iv) reports of ex post validation of delivery related to (iii). The ADB will also assist us in publishing CERP progress reports.

Additional commitments in the second request, which apply also to spending financed by the first request: "While continuing to implement the measures outlined in our June 12 LOI, we reiterate our strong commitment to ensuring that crisis resources are used transparently and effectively, including from the RCF/RFI disbursement and DSSI. We have made progress in this regard and will continue to strengthen public financial management as follows:

- Fiscal accounts and budget monitoring. We have published on the MOPFI website the first quarterly budget monitoring report (FY2019/20 Q3) identifying COVID-19 related spending with the agreed upon timeliness (3 months of the end of the quarter) along with consolidated GFS accounts. We will continue to work with the World Bank and Fund CD to improve the coverage of COVID-related spending and track-expenditures on a more timely basis through technological solutions and adopt a new chart of accounts in FY2021/22.

- Strengthening procurement transparency. We have published on the MOPFI website information on procurement contracts on COVID-19 related spending above MMK 100 million, including the names of the awarded companies and their beneficial owners, the specific nature of the goods and services procured, their price per unit where available and overall contract amount along with the ex post delivery reports.

- Enhancing auditing. We have reached an agreement with the Office of the Auditor General for Myanmar (OAGM) to conduct a
financial audit of COVID-19 related spending and are on track to disseminate a report within 6 months of the end of the fiscal year by March 2021. The Office of the Auditor General is benefiting from CD from ADB, WB and Norway, and will also undertake risk-based audits of broader spending from FY2020/21. The external audit will be assisted by existing internal audit teams monitoring such expenditure through the implementation of the draft Internal Audit Manual with Fund CD.

[...]

Regarding Anti Money Laundering and Combatting the Financing of Terrorism, we will continue to work with the Asia Pacific Group on the agreed time bound remedial Action Plan to remove Myanmar from its enhanced monitoring list.”

Nicaragua RCF/RFI

“We are committed to follow the highest standards for fiscal transparency, to mitigate any risks related to governance and corruption vulnerabilities, and to ensure that emergency spending reaches the intended population. We have already enacted regulations that enable the online publication of beneficial owner(s) of all public procurement contracts (prior action, Table 1). The publication of contracts (under bidding and tender processes), which began October 15, 2020, contains contract amounts, the specific nature of the goods or services procured and their price per unit (where applicable), the names of the awarded entities and their beneficial owner(s), and the names of the public officials awarding the contracts (see website www.gestion.nicaraguacompra.gob.ni/siscae/portal). We recognize the importance of ensuring that emergency spending is properly accounted for and began publishing all COVID-19 related contracts signed since June 2020 (see website http://www.nicaraguacompra.gob.ni/contratos-covid-19/Contratos%20Covid%202019). In addition, we have consulted with IMF staff the terms of reference for an external, independent firm to audit all COVID-19 related expenditures, including funds channeled through the UNOPS and the WFP (prior action, Table 1).

To enhance fiscal transparency, we began to publish the financial statements of the five largest state-owned enterprises—namely ENATREL, ENEL, PETRONIC, EPN, and ENACAL—covering the period 2015–19. We are determined to gradually expand the annual reporting of financial statements to all state-owned enterprises, including audit reports.
To achieve the highest standards of fiscal transparency and accountability we have requested IMF technical assistance to conduct a fiscal transparency assessment exercise. In addition, we are taking the necessary steps to ensure that the use of emergency financing remains transparent and accountable. In particular, we will: (1) hire, in line with the agreed terms of reference, an external, independent firm to audit all COVID-19 related expenditures through July 2021 and to publish the results of such audit on the government’s website within two weeks of its finalization; (2) adhere to best practices in procuring and awarding contracts; (3) facilitate the tracking and reporting of the use of resources by channeling externally sourced emergency assistance through a dedicated subaccount of the treasury single account.

We renew our commitment to implement swift reforms to enhance governance and combat corruption in line with the latest Article IV recommendations. We plan to strengthen the effectiveness of our anti-money laundering/combating the financing of terrorism framework in accordance with the action plan already agreed with the Financial Action Task Force.”
