Table 1. Structural Adjustment Policies

Policy Measure	Program Schedule	Implementation Status
1. Macroeconomic policies		
a. Tax administration		
Restructuring of the revenue and customs departments:		
- A law on transformation of the revenue and customs departments approved	November 1999	
<ul> <li>Start implementation of performance indicators for collection, as recommended by the IDB.</li> </ul>	January 2000	
b. Trade and investment policy		
Eliminate discretionality in granting zero customs duty for corn and sorghum imports introduced in revisions of the tax law No. 257	May 1999	Done
Reduce maximum tariff to:		
15 percent	January 1999	Done
10 percent	July 1999	Done
Submit to the National Assembly a revised law on foreign investment	September 1999	
Approval of the law on foreign investment.	January 2000	
2. Structural Reforms		
a. Public sector reform		
Continue to implement a labor mobility program aiming at reducing	700 positions to June;	About 740 positions reduced in
public sector positions (excluding reductions resulting from	1,200 positions	January-June.
privatization of public enterprises).	to December 1999	
Issue a decree formalizing the National System of Public	January 2000	
Investment (SNIP) for evaluating, clearing, and monitoring		
implementation of investment projects.		
Implement the law on organization and functions of the Executive:		
- In six months from issue of the regulation (November 1998) eliminate	June 1999	Done
three ministries, three autonomous government entities and 144 positions (net)		
of officials at director or higher levels.  - Continue to restructure the ministries in line with revised organization	1999-01	
and functions established in the law.	1999-01	
b. Privatization and public sector tariffs		
ENITEL:		
- Announce a program to reduce the enterprise's operating expenditure	June 1999	Done
by at least 20 percent and start implementation		
- Start nagotiation to transfer ENITEL's debt to CABEI to	August 1999	Done
the government - Approve tariff adjustment along the lines recommended by	August 1999	Done
the World Bank and the investment bank.	egen ee	2
- Invite final bids of potential investors for 40 percent of ENITEL assets.	January 2000	
ENACAL:		
Continue adjusting water and sewerage tariffs by 1.5 percent a month.	June 1998-00	Ongoing

Table 1. Structural Adjustment Policies

Policy Measure	Program Schedule	Implementation Status
ENEL:		
Issue a decree to divide ENEL into generation,	April 1999	Done
transmission and distribution units as a preparatory step to divestment.		
Issue regulation on setting tariffs for electricity generation and distribution by the ENEL units to be privatized	October 1999	
Offer ENEL's generation and distribution units for sale or long-term lease to the private sector	December 1999	
Announce tariff adjustment to fully recover long-term marginal cost	January 2000	
in accordance with the tariff adjustment plan agreed with the IDB		
Divest 75 percent of ENABAS's assets, compared to value of end-1997	December 1999	
through sale or long-term leases to the private sector.		
Offer concession for private sector management of water and sewerage		
- two subsystems (Matagalpa and Jinotega)	October 1999	
- two subsystems (Leon and Chinandega)	October 2000	
Privatize at least three of the construction enterprises under the		
ministry of transportation	December 1999	
Complete a study on reorganization of port services	September 1999	
Transform the state port authority (ENAP) into a regulatory agency	December 1999	
and set a regulatory framework for divesting port operations		
Issue terms of reference and offer to sell or conclude a long-term lease	March 2000	
for port corporation(s)		
Transfer the state oil distribution company (PETRONIC) to the	June 1999	Done
private sector under a long-term lease.		
c. Social security reform		
Separate the pension insurance from health insurance accounts of the social security system	April 1999	Done
Submit to the National Assembly a draft social security reform law with	August 1999	
revised parameters to reduce losses of the current system and introduce		
a new system of individually funded accounts managed by private sector		
The social security reform law approved by the National Assembly	December 1999	
Implement the revised parameters (the retirement age, minimum duration of	January 2000	
contribution, level of contribution)	•	
Start to introduce the new pension system based on individually funded	September 2000	
accounts.		
d. Governance		
Include all extrabudgetary revenues and expenditures into	May 1999	Done
the budget (sinceramiento)		
Ensure that all domestic receipts (revenue and transfers) of the	July 1999	Done
public sector entities are recorded at the treasury (cuenta única)		
Achieve full coverage of domestic revenues and transfers in the financial control system (SIGFA)	September 1999	
Ensure transparency and accountability in public sector procurement of		
goods and services and in awarding public works:		
- Submit revisions to the draft procurement law in line with recommendations	August 1999	Done
of the World Bank, IDB, and IMF to the National Assembly	Santamber 1000	
- Approval of the law	September 1999	

Table 1. Structural Adjustment Policies

Policy Measure	Program Schedule	Implementation Status
- Issue regulations	September 1999	
Establish a National Center for Property Mediation	September 1999	
Accelerate issuing of property titles and continue progress in		
resolving property rights claims		
Property titles issued in 1999: - urban:	through June 3,000 through December 10,000	
- rural:	through June 1,600 through December 4,000	
Property rights claims settled:	during 1999 1,000 during 2000 1,400	
The law on administrative process and disputes approved	December 1999	
Modernize the commercial code:		
- Provide funding and establish a commission	December 1999	
- Submit draft of the revised code to the National Assembly	December 2000	
- The new code approved	June 2001	
Establish civil defense offices to provide legal services to the poor	June 2000	
General law on management of government finances (Ley General de		
Administración Financiera)	* 1 2000	
- Submit a draft law to the National Assembly  The law emproved and issue regulations	July 2000	
- The law approved and issue regulations.	December 2000	
e. Financial system reform		
Passage of the revised laws on the central bank, banks and other financial		
institutions and the superintendency of banks:		
- Complete draft laws in consultation with the IDA, IDB (financial	August 1999	Done
sector loan), and IMF, and submit the laws to the National Assembly;	0 1 1000	
- Approval of the three laws by the National Assembly.	October 1999	
Exclude BOFOS (development bonds) from secondary capital	June 1999	Done
Issue a revised prudential norm on asset risk classification and provisioning, based on a review conducted with the World Bank	October 1999	
Develop a plan of further measures to strengthen the financial sector,		
based on a study supported by IDA	December 1999	
Implement fully and on the original schedule the prudential norms on banks' capital adequacy, and lending to related parties.	mid-1999 to mid-2000	
3. Social sectors and poverty alleviation		
a. Health and nutrition		
Strengthen health centers and hospitals to provide an integrated package	1999 39 percent	
of preventive and primary maternal and child care. Coverage as	2000 55 percent	
percent of population by end-year	2001 75 percent	
Improve efficiency of health centers and hospitals by introducing a	1999 15 units	
performance-based system with management contracts. Number of	2000 59 units	
health centers and hospitals in the system by end-year	2001 70 units	
Improve efficiency and equity of the drug and medical supplies system;	1999 Complete the design	n
introduce a decentralized system; coverage with a new system by end-year.	2000 14 percent 2001 20 percent	
b. Education	1000 72	
Raise primary school completion rates focusing on rural and other poverty-	1999 73 percent	

Table 1. Structural Adjustment Policies

Policy Measure	Program Schedule	Implementation Status
stricken areas by improving quality and relevance of primary education through improved teaching and reformed curricula. Completion rate in rural areas, by end- year	<ul><li>2000 74 percent</li><li>2001 75 percent</li></ul>	
Improve quality of teaching through teacher training and performance based incentives. Percentage of teachers in autonomous schools receiving performance based incentives, by end-year	1999 25 percent 2000 80 percent 2001 88 percent	
Complete the reform of curricula for primary and secondary schools.  Coverage with reformed curricula, by end-year	Primary schools: 1999 100 percent Secondary schools: 2000 6 percent 2001 50 percent	
Transfer management and control of budget execution to local school councils. Coverage of primary school students in schools with autonomy, by year-end.	1999 65 percent 2000 90 percent	
c. Water and sanitation		
Continue to improve and expand water systems and services in urban areas and accelerate the expansion of water services in dispersed rural communities.	1999-01	
Improve access of rural population potable water; coverage by end-year	1999 36 percent 2000 39 percent 2001 42 percent	
Improve access of urban population to sewerage; coverage by end-year	1999 34 percent 2000 36 percent 2001 38 percent	
4. Rural sector policy		
Promote integration of small farmers into main stream economy by removing impediments to participation in land and credit markets:	1999-01	
Reform legal norms on financial guarantees to permit use of movable property (equipment, livestock, etc.) as collateral: - Submit the law to the National Assembly	October 1999	
- The law approved	January 2000	
Establish and start operations of six regional cadastres - two (Masaya, Granada) - two (Esteli, Jinotega) - two (Jinotepe, Chinandega)	1998 1999 by June 2000	Done
Modernize and expand activity of the Institute of Agricultural Technology to help increase agricultural yields and improve human capital.		
Coverage with public/private extension services, number of farm households by end-year	1999 160,000 2000 185,000	
Develop an appropriate legal framework and enforcement capacity to arrest environmental degradation	1999-01	
- Submit to National Assembly new mining law - Have the mining law approved and issue regulation	September 1999 December 1999	
- Submit to National Assembly new forestry and fisheries laws - Have the forestry and fisheries laws approved and issue regulations	January 2000 July 2000	

Table 2. Nicaragua: Technical Assistance Programs and Requirements

Subject	Objectives and Comments	Provider	Timing 1/
1. Macroeconomic policy			
a. Public finances	Comprehensive public sector reform, including privatization of state enterprises, decentralization of government agencies, and implementation of an integrated financial management system in national and local government agencies.	IDA/IDB/ USAID/ UNDP	1997–01
	Strengthen customs administration and the national tax administration authorities.	IMF/IDB/ USAID	1997–01
	Improve efficiency of government current and capital expenditures and financing policies including broadening municipal government financing	IDB/USAID	1997–01
	Strengthen public investment programs and develop a system to monitor their performance.	IDA/IDB/ UNDP	1997–01
b. Financial system	Strengthen the autonomy of the central bank and improve its technical capacity for economic and financial programming and policy implementation.	IMF/IDB	1997–01
	Reform of state banks through privatization, closing, or downsizing of portfolios.	IMF/IDB/ IDA/IFC	1997–01
	Strengthen the independence of the superintendency of banks and improve its technical capacity to monitor and enforce the prudential norms.	IDB/IDA	1997–01
	Develop innovative or nonconventional credit programs to reach small scale producers; increase funding available for rural financial services.	IDB/IDA bilateral donors	1997–01
	Establish the legal and institutional framework for secured lending, including housing finance.	IDB	1999–01
c. Statistics	Adopt United Nations national accounting methodology; automate data processing and disseminate reports through the World-Wide-Web.	IDB/IMF/ USAID	1996–99

Table 2. Nicaragua: Technical Assistance Programs and Requirements

Subject	Objectives and Comments	Provider	Timing 1/
	Electronic automation and dissemination of public finance statistics including current and capital expenditures and revenues for national government as well as for public enterprises and the social security system.	IMF/IDA	1997–99
	Improve balance of payments statistics: including recording of services items, workers' remittances, and private capital flows; incorporate exports of free trade zones into overall export statistics.	IMF	1997–01
	Domestic price statistics: broaden coverage of the CPI to cities outside Managua; create wholesale price index.	IMF (to be requested)	00–01
2. Social policy	Improve water sanitation.	IDB/IDA	1996–01
	Improve targeting of social emergency investment fund and other social programs.	IDB/IDA	1997–01
	Improve nutrition program.	IDA	1997–01
	Expand coverage of primary health and education.	IDA/IDB	1997–01
	Develop and implement comprehensive health reform program.	IDA/IDB	1998–01
	Conduct second survey on living standard measurement with rural module.	IDA	1998–99
	Protect biodiversity and clarify indigenous property rights.	IDA/GEF	1998–00
3. Structural/Private sector	Help develop small private sector enterprises.	IDB/GTZ	1996–99
	Help privatization of telecommunications and develop a plan to attract foreign investment.	IDA/IFC/ID B	1996–00
	Support promotion of foreign investment.	FIAS	1998–01

 $<sup>1/\</sup>operatorname{Technical}$  assistance programs implemented or started in 1997 constitute a part of the authorities' 1997–00 program.
