

IMF One-Year Forward Commitment Capacity, 1996 - April 2006
(In billions of SDRs)

Source: IMF Finance Department.

Note: The IMF started publishing data for FCC in December 2002. For earlier periods the chart shows estimates of the FCC. The FCC increases when quota payments are made. It also increases when repurchases are made and decreases when the IMF makes new financial commitments. The reference to member countries and the Asian crises note selected large financial transactions with members and groups of members.

IMF One-Year Forward Commitment Capacity, 1990-April 2003 (In billions of SDRs)

Notes: • The IMF started publishing data for the FCC in December 2002. • For earlier periods the Chart shows estimates of the FCC. • The FCC increases when quota payments are made (see IMF Quotas and Quota Reviews). It also increases when repurchases are made and decreases when the IMF makes new financial commitments. • The references to member countries and the Asian crisis note selected large financial commitments by the IMF to members and groups of members.
