<sup>1</sup>Amount outstanding at the completion point (net of repayments between January 1, 2005, to the completion point date).

<sup>2</sup>Balances available at the time of Multilateral Debt Relief Initiative (MDRI) debt relief.

<sup>3</sup>Afghanistan, Comoros, Haiti, and Togo did not have MDRI-eligible credit and did not receive MDRI debt relief. Côte d'Ivoire and Guinea had fully repaid MDRI-eligible debt by completion point date.

<sup>4</sup>Non-Heavily Indebted Poor Countries (HIPCs) but qualified for MDRI debt relief with a per capita income below the US\$380 threshold.

<sup>5</sup>Liberia received "MDRI-like" (beyond-HIPC) debt relief at end-June 2010, which was financed from the Liberia Administered Account (LAA). Its eligible credit outstanding corresponds to the amount of arrears clearance to the IMF in March 2008.

<sup>6</sup>Including Liberia's beyond HIPC debt-relief.
