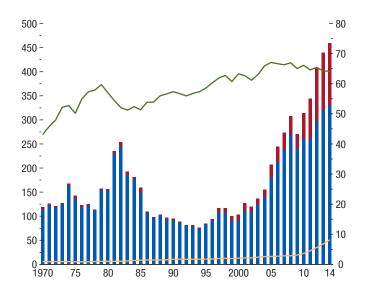

Figure 1.SF.10. Conventional and Unconventional Oil Production and Investment

Conventional investment (billions of U.S. dollars, left scale)
Unconventional investment (billions of U.S. dollars, left scale)
Conventional production (mbd, right scale)
Unconventional production (mbd, right scale)

Sources: Rystad Energy research and analysis; and IMF staff calculations. Note: $\mbox{mbd} = \mbox{million}$ barrels a day.
