#### Note: Taxonomy of the Reasons for Delays of Article IV Consultations

Article IV consultations are delayed for a variety of reasons. For the purpose of monitoring delays, Fund staff groups the reasons into the following categories. It should be recognized, however, that a delay may have more than one reason.

- **Program-related issues**: Delayed (i) in order to combine the consultation with a request for use of Fund resources (UFR), Policy Support Instrument (PSI), Policy Coordination Instrument (PCI), or program review; or (ii) due to ongoing discussions on UFR, PSI, or PCI, or continued work on program review.
- **Further discussions**: Delayed due to further discussions with the authorities on economic developments and policies.
- Political/security situation: Delayed due to the unsettled political and/or security situation.
- **Government change**: Delayed due to forthcoming or recent elections, change of government, or changes within government.
- Staffing constraints.
- **Authorities' request**: Delayed at the request of the authorities due to, for example, their inability to host the mission as a result of their work schedule.
- No agreement on mission dates/modalities: There was no agreement on the modalities for the mission/the authorities have not communicated dates for the Article IV consultation mission.
- Miscellaneous: Includes reasons not accommodated above.
