Figure 2.1.1. Decomposition of Selected Emerging Market Economies by Province
(Real PPP GDP per capita, thousands of PPP U.S. dollars)

1. Brazil
   - São Paulo
   - Rondônia
   - Maranhão
   - Brazil (average)
   - United States

2. Russia
   - Moscow
   - Northwestern Federal District
   - North Caucasian Federal District
   - Russia (average)
   - United States

3. India
   - Goa
   - Karnataka
   - Bihar
   - India (average)
   - United States

4. China
   - Tianjin
   - Xinjiang
   - Gansu
   - China (average)
   - United States

5. South Africa
   - Gauteng
   - Mpumalanga
   - Eastern Cape
   - South Africa (average)
   - United States

Source: IMF staff calculations.
Note: The selected provinces within each country denote the top, median, and bottom provinces, ordered by real PPP GDP per capita for 2014. PPP adjustment is calculated using the base year 2010. PPP = purchasing power parity.
