**Figure 3.7. Import Intensity**

**1. Import Intensity of Select Sectors**
**(Ratio of imported parts to exports of final goods)**

— Computers[1]  — Televisions/Radios/Phones[2]

**2. Import Intensity of Capital Goods[3]**
**(Capital goods parts imports/capital goods exports)**

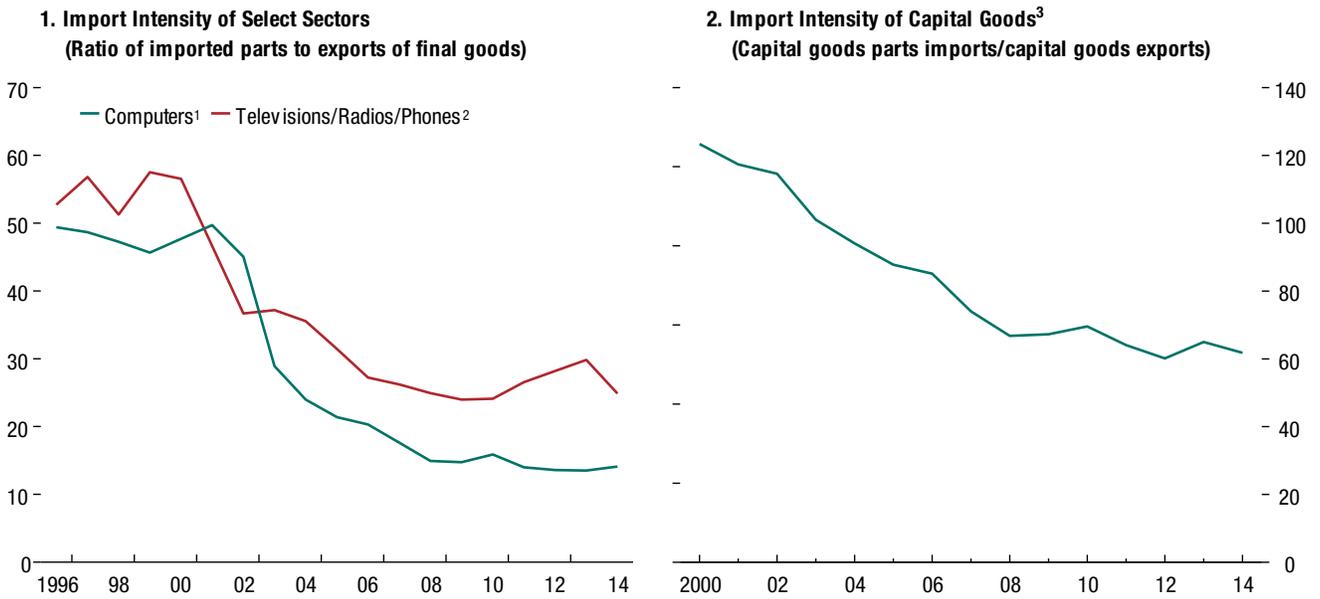

Sources: United Nations, Comtrade database; and IMF staff calculations.

[1] Calculated as imports of computer parts and accessories (SITC code 759) divided by exports of computer equipment (SITC codes 751 and 752).

[2] Calculated as imports of parts and accessories of televisions, radios, and phones (SITC code 7649 ) divided by exports of televisions, radios, and phones (rest of SITC codes in 2-digit SITC product category number 76).

[3] Calculated as imports of parts and accessories of capital goods (Broad Economic Classification code 41) divided by exports of capital goods (Broad Economic Classification code 42).
